3. Program description

The Master in Artistic Practices in Visual Arts is focused on the study of the issues raised by contemporary thought about art and artistic practice. The research is centred on the creative exploration of present theoretical, conceptual, technological and practical tools for artistic creation. The training results both from the study of art theory, criticism and history and the learning of practical skills for the creation, elaboration and development of projects. The student develops skills through: theoretical disciplines that prepare and frame the artistic praxis; theoretical-practical disciplines, which combine artistic practice and the exemplification and discussion of theoretical themes that are behind artistic practice, and; disciplines of laboratory practice aimed at the exercise of techniques and technologies, empowering the student in the use of fundamental tools to artistic practices. The information provided and the strategy of the tutorials are directed to the particular interests of the students, enhancing the formal experimentation and iconographic creation that belongs to the territory of contemporary art.

4. Career opportunities

On completing the Master's Degree in Artistic Practices in Visual Arts the students are prepared to: Conceptualize and produce art objects; Act effectively in the art world by developing a comprehensive and critical posture; Organize and coordinate artistic projects in line with the current and future professionals outputs on the global market of culture; Develop multidisciplinary and transdisciplinary artistic research.

8. General conditions of access and admission

i Legal conditions for access to the cycle of studies leading to the master degree

Those who meet the following conditions may apply to the cycle of studies that leads to the master degree:

- Holders of the bachelor degree or legal equivalent;
- Holders of a foreign academic degree duly recognised as satisfying the objectives identical to the bachelor degree by the relevant scientific body of the higher education institution they wish to be admitted to;
- Holders of an academic, scientific or professional curriculum vitae that is recognized as attesting to the capacity to carry out this cycle of studies by the relevant scientific body of the higher education institution they wish to be admitted to.

ii Conditions of access to the cycle of studies at the Universidade de Évora

On the application date, the undergraduate students must satisfy conditions that guarantee the conclusion of their undergraduate degree until the 30th of October of the admission year. The admission and enrollment of these students is conditioned on the conclusion of the degree until this date, and the enrollment is canceled if the student does not complete the degree within that period

During the first application phase, students who have a maximum of 6 curricular units or 36 ECTS missing for conclusion of their degree can apply for the 2nd cycle; in the 2nd application phase students can apply if they have at most 3 curricular units missing and in the 3rd application phase if they have at most one curricular unit missing

The previous condition does not apply to students with a curriculum that reveals professional or scientific experience, which can be recognized by the competent scientific body, as attesting the students ability to carry out the masters degree/post-graduation, provided that the student required that recognition in the application process
