## Open call rules

Applications for Admission: Mestrado em Olivicultura e Azeite (Olive Cultivation and Olive oil)  
Academic Year 2024/2025

### 1. The program is promoted by

Universidade de Évora - Escola de Ciências e Tecnologia

### 2. Course Committee

Raquel Marta Neves dos Santos Garcia (raquelg@uevora.pt)

Fernando Manuel de Campos Trindade Rei (frei@uevora.pt)

António Fernando Bento Dias (adias@uevora.pt)

### 3. Program description

This course aims on training professionals with an appropriate scientific and technical profile, able to answer to the growing demand for olive orchards plantation and olive oil production, within a sector characterized by strong growth, dynamism and introduction of high technology. The program of this course has been designed to consolidate knowledge on sustainable systems for olive oil production, cultural techniques, genetic resources and improvement, phytosanitary protection, transformation technology, olive oil quality and commercialization and marketing. Teaching/learning methodologies focus on promoting the development of autonomous work, stimulating the oral and written communication skills of the students. The contact with I&D activities, especially those developed in the Mediterranean Institute of Agricultural and Environmental Sciences (MED-UE), enhance the research capacities of the students. The integration of the University of Évora (UE) in the main olive growing region of the country and the partnerships developed with the main companies in the sector, create the appropriate conditions for quality training, focused on the reality of the sector, benefiting from the most innovative scientific and technological bases.

### 4. Career opportunities

Responsible technician in olive oil production companies; Specialist in olive oil production and associated technologies; Production technician in olive orchards; Professional in supplier industries for the olive sector; Distribution and marketing specialist; Education, training and research within the olive oil sector; Project offices; Industrial mills; Public and private laboratories.

## **5. Number of registration at DGES**

R/A-Ef 1731/2011 AL02

## **6. Number of accreditation process by A3ES**

ACEF/2021/0405997

## **7. Program Creation Norm**

Diário da República n.º 12 de 18 janeiro de 2022, Aviso n.º 1116/2022

## **8. General conditions of access and admission**

### **i Legal conditions for access to the cycle of studies leading to the master degree**

Those who meet the following conditions may apply to the cycle of studies that leads to the master degree:

- Holders of the bachelor degree or legal equivalent;
- Holders of a foreign academic degree dully recognised as satisfying the objectives identical to the bachelor degree by the relevant scientific body of the higher education institution they wish to be admitted to;
- Holders of an academic, scientific or professional curriculum vitae that is recognized as attesting to the capacity to carry out this cycle of studies by the relevant scientific body of the higher education institution they wish to be admitted to.

### **ii Conditions of access to the cycle of studies at the Universidade de Évora**

On the application date, the undergraduate students must satisfy conditions that guarantee the conclusion of their undergraduate degree until the 30th of October of the admission year. The admission and enrollment of these students is conditioned on the conclusion of the degree until this date, and the enrollment is canceled if the student does not complete the degree within that period

During the first application phase, students who have a maximum of 6 curricular units or 36 ECTS missing for conclusion of their degree can apply for the 2nd cycle; in the 2nd application phase students can apply if they have at most 3 curricular units missing and in the 3rd application phase if they have at most one curricular unit missing

The previous condition does not apply to students with a curriculum that reveals professional or scientific experience, which can be recognized by the competent scientific body, as attesting the students ability to carry out the masters degree/post-graduation, provided that the student required that recognition in the application process

### **iii Specific admission conditions**

Degree or equivalent in Agronomy, Animal Science, Biology, Chemistry, Biochemistry and Food Technology.

Candidates with other types of training may be admitted if their CV is recognized by the Scientific Council as attesting their ability to undertake the Course.

## 9. Selection Process

- Academic Qualifications: 60%
  - Area of qualifications: 70%
  - Level of qualifications: 30%
- Curriculum Analysis: 40%
  - Professional Experience in the area of the program or related fields: 30%
  - Scientific and technical activities and publications: 10%
  - Teaching experience in training programs in the area of the program: 30%
  - Professional Training in the area of the program or related fields: 30%

## 10. Maximum number of admissions

- Maximum number of admissions for candidates with nationality of European Union countries: 15
- Maximum number of admissions for candidates without nationality of European Union countries: 5

Depending on the number of applications, there may be transfer of vacancies from the international students applications to the European Union students applications or vice-versa.

## 11. Minimum number of students

Minimum number of students: 8

## 12. Tuition fee

- Candidates with nationality of European Union countries: 1 050,00 €
- Candidates without nationality of European Union countries: 2 500,00 €
  - Annual Tuition fee for international students with merit scholarship: 1 050,00 €
  - Annual Tuition fee for international students with cooperation and development scholarship: 1 250,00 €

In the admission year, all students with international student status who have an undergraduate average of 15 or above (on a 0-20 scale) benefit from the international student merit scholarship tuition fee and all students from PALOP countries benefit from the tuition fee for international students with cooperation and development scholarship.

In the following years, to keep the merit or cooperation and development scholarship, the student has to meet the conditions stipulated in article 22 of the Academic Regulations of the University of Évora and the results are published until October 31 of each academic year, without the need to apply for the scholarship.
