Applications for Admission: Curso de formação em Jardins Multifuncionais no Planeamento Urbano I (Multifunctional Gardens in Urban Planning I)
Academic Year 2023/2024

1. The program is promoted by

Universidade de Évora - Escola de Ciências e Tecnologia

2. Coordenador(a)

Rute Sousa Matos (rsm@uevora.pt)

3. Program description

Where there are human beings there are gardens associated. The garden is the representation of an ideal, holistic and multifunctional landscape. In these gardens and landscapes production, protection and leisure are integrated and complement each other. Recently, researchers, politicians, urban planners and landscape architects have been giving increasing importance to this multifunctionality, bringing it to the urban space through gardens with aesthetic, ecological and productive concerns, with great potential to contribute to the qualification of a sustainable life.

4. Objectives

i) raising awareness about the relevance and need for multifunctional open spaces in the contemporary city, given the climate crisis and urban growth expected in the near future; ii) awareness of its social, economic and ecological dimensions and how they have influenced its existence and practice.

5. General conditions of access and admission
