Academic Year 2024/2025

### 1. The program is promoted by

Universidade de Évora - Escola de Ciências Sociais

### 2. Course Committee

Ana Artur Marques (aartur@uevora.pt)

### 3. Program description

The main aim of this Postgraduate course is to promote specialised training in Special/Inclusive Education, capable of responding to the demands of inclusive education that is becoming operational in the various educational contexts, from pre-school education to secondary education. This postgraduate programme is aimed primarily at preschool teachers and primary and secondary school teachers. Based on the principles of inclusive education. It aims to train students to become competent, reflective and interventionist professionals, capable of critically analysing educational situations, with a view to planning and evaluating contextualised and socially significant learning opportunities, through which all children and young people can develop their learning potential with their peers. It also aims to promote the construction and deepening of scientific knowledge and know-how that will enable master's students to contribute to the construction of inclusive educational environments, identifying and eliminating barriers to learning and the use of participatory methodologies.

It also seeks to contribute to the development of cooperation and dialogue skills with and between the various players involved in children's education, with a view to building an inclusive school.

### 4. Career opportunities

The Post-Graduate course contributes to the professional development of preschool teachers and teachers at various levels of education, psychologists, speech therapists, occupational therapists, physiotherapists or other technicians who work in educational contexts.

## 5. General conditions of access and admission

### i Conditions for access to the post-graduate program

Those who meet the following conditions may apply to the post-graduate program:

- Holders of the bachelor degree or legal equivalent;
- Holders of a foreign academic degree dully recognised as satisfying the objectives identical to the bachelor degree by the relevant scientific body of the higher education institution they wish to be admitted to;
- Holders of an academic, scientific or professional curriculum vitae that is recognized as attesting to the capacity to carry out this cycle of studies by the relevant scientific body of the higher education institution they wish to be admitted to.

### ii Conditions of access to the post-graduate program at Universidade de Évora

On the application date, the undergraduate students must satisfy conditions that guarantee the conclusion of their undergraduate degree until the 30th of October of the admission year. The admission and enrollment of these students is conditioned on the conclusion of the degree until this date, and the enrollment is canceled if the student does not complete the degree within that period

During the first application phase, students who have a maximum of 6 curricular units or 36 ECTS missing for conclusion of their degree can apply for the 2nd cycle; in the 2nd application phase students can apply if they have at most 3 curricular units missing and in the 3rd application phase if they have at most one curricular unit missing

The previous condition does not apply to students with a curriculum that reveals professional or scientific experience, which can be recognized by the competent scientific body, as attesting the students ability to carry out the masters degree/post-graduation, provided that the student required that recognition in the application process

### iii Specific admission conditions

It is aimed for preschool teachers and primary and secondary school teachers. Psychologists, occupational therapists, speech therapists, psychomotor therapists and other similar areas are also considered.
