Applications for Admission: Curso de formação em Introdução aos Ciclos de Vida do Medicamento e do Dispositivo Médico (Introduction to the Medicine and Medical Devices Life Cycles)
Academic Year 2024/2025

1. The program is promoted by

Universidade de Évora - Escola de Saúde e Desenvolvimento Humano

2. Coordenador(a)

Ana Margarida Molhinho Advinha (anamma@uevora.pt)

3. Program description

The course aims to provide students with a general introduction to the life cycles of the medicines and medical device that will enable them to understand the various aspects to be studied in greater detail throughout the postgraduate or short courses.

4. Objectives

The purpose of this course is to provide students with an overview of the medicines and medical devices life cycles that will allow them to understand the various aspects to be studied in greater detail throughout the post-graduation or short courses. At the end of the course, students are expected to be able to identify and describe the similarities and differences between the life cycles of medicines and medical devices, to know what they are, how they are defined and to give examples of these two categories. Students should also learn about the various relevant authorities, institutions and bodies throughout the life cycle of medicines and medical device.
