Maria do Rosário Fernandes Félix (mrff@uevora.pt)
Ana Elisa de Mendonça Rato Barroso (aerato@uevora.pt)

3. Program description

Viticulture is an activity of primordial importance in Portugal, namely for its potentialities for the production of quality wines. To increase its progress, it is essential to improve the chain of knowledge dynamization, through the training of highly specialized technicians. To this end, the Master in Viticulture and Oenology aims to prepare professionals capable of taking on responsibilities at the level of wine companies, in production, planning and design, quality control, commercialization and marketing, developing the capacity for initiative, innovation and integration of the various interdisciplinary knowledge acquired. This Masters aims to provide knowledge of the natural and technological factors that condition the characteristics of the raw material, as well as to conceive, plan and manage the different viticultural and oenological practices, according to the predefined characteristics of the final product. It also seeks to prepare students for a research career.

4. Career opportunities

Technicians in charge of viticulture companies; specialists in oenology and associated technologies; production technicians in viticulture; professionals in supplying industries in the viticulture sector; specialized distribution and commercialization; teaching and training in the viticulture sector; experimentation and research.

ACEF/2021/0406032

7. Program Creation Norm

Diário da República n.º 33 de 16 de fevereiro, Aviso n.º 3184/2022

8. General conditions of access and admission

i Legal conditions for access to the cycle of studies leading to the master degree

Those who meet the following conditions may apply to the cycle of studies that leads to the master degree:

- Holders of the bachelor degree or legal equivalent;
- Holders of a foreign academic degree fully recognised as satisfying the objectives identical to the bachelor degree by the relevant scientific body of the higher education institution they wish to be admitted to;
- Holders of an academic, scientific or professional curriculum vitae that is recognized as attesting to the capacity to carry out this cycle of studies by the relevant scientific body of the higher education institution they wish to be admitted to.

ii Conditions of access to the cycle of studies at the Universidade de Évora

On the application date, the undergraduate students must satisfy conditions that guarantee the conclusion of their undergraduate degree until the 30th of October of the admission year. The admission and enrollment of these students is conditioned on the conclusion of the degree until this date, and the enrollment is canceled if the student does not complete the degree within that period

During the first application phase, students who have a maximum of 6 curricular units or 36 ECTS missing for conclusion of their degree can apply for the 2nd cycle; in the 2nd application phase students can apply if they have at most 3 curricular units missing and in the 3rd application phase if they have at most one curricular unit missing

The previous condition does not apply to students with a curriculum that reveals professional or scientific experience, which can be recognized by the competent scientific body, as attesting the students ability to carry out the masters degree/post-graduation, provided that the student required that recognition in the application process

iii Specific admission conditions

Graduation in Agronomy, Agro-food, Biology, Chemistry and Biochemistry, or equivalents.

9. Selection Process

- Academic Qualifications: 65%
 - Area of qualifications: 40%
 - Average grade in the highest qualification: 60%
- Curriculum Analysis: 35%

- Professional Experience in the area of the program or related fields: 50%
- Participation in research projects: 30%
- Professional Training in the area of the program or related fields: 20%

10. Maximum number of admissions

- Maximum number of admissions for candidates with nationality of European Union countries: 23
- Maximum number of admissions for candidates without nationality of European Union countries: 2

Depending on the number of applications, there may be transfer of vacancies from the international students applications to the European Union students applications or vice-versa.

11. Minimum number of students

Minimum number of students: 8

12. Tuition fee

- Candidates with nationality of European Union countries: 1 050,00 €
- Candidates without nationality of European Union countries: 2 500,00 €
 - Annual Tuition fee for international students with merit scholarship: 1 050,00 €
 - Annual Tuition fee for international students with cooperation and development scholarship: 1 250,00 €

In the admission year, all students with international student status who have an undergraduate average of 15 or above (on a 0-20 scale) benefit from the international student merit scholarship tuition fee and all students from PALOP countries benefit from the tuition fee for international students with cooperation and development scholarship.

In the following years, to keep the merit or cooperation and development scholarship, the student has to meet the conditions stipulated in article 22 of the Academic Regulations of the University of Évora and the results are published until October 31 of each academic year, without the need to apply for the scholarship.
