9. General conditions of access and admission

i Legal conditions for access to the cycle of studies leading to the master degree

Those who meet the following conditions may apply to the cycle of studies that leads to the master degree:

- Holders of the bachelor degree or legal equivalent;
- Holders of a foreign academic degree fully recognised as satisfying the objectives identical to the bachelor degree by the relevant scientific body of the higher education institution they wish to be admitted to;
- Holders of an academic, scientific or professional curriculum vitae that is recognized as attesting to the capacity to carry out this cycle of studies by the relevant scientific body of the higher education institution they wish to be admitted to.

ii Conditions of access to the cycle of studies at the Universidade de Évora

On the application date, the undergraduate students must satisfy conditions that guarantee the conclusion of their undergraduate degree until the 30th of October of the admission year. The admission and enrollment of these students is conditioned on the conclusion of the degree until this date, and the enrollment is canceled if the student does not complete the degree within that period

During the first application phase, students who have a maximum of 6 curricular units or 36 ECTS missing for conclusion of their degree can apply for the 2nd cycle; in the 2nd application phase students can apply if they have at most 3 curricular units missing and in the 3rd application phase if they have at most one curricular unit missing

The previous condition does not apply to students with a curriculum that reveals professional or scientific experience, which can be recognized by the competent scientific body, as attesting the students ability to carry out the masters degree/post-graduation, provided that the student required that recognition in the application process

iii Specific admission conditions

Conditions for access to this course:

As exposed in the article nº 17 of the decree-law nº74/2006, in its current republishing, the students can apply to this study cycle:

- a) Title holders of a nursing degree or the legal tantamount.
- b) Title holders of a foreigner superior academic degree in Nursing, processed in the sequence of a first cycle of studies organized according to the principles of the Bologna Process by a State that subscribes to this Process.
- c) Title holders of a foreigner superior academic degree in Nursing that is recognized as satisfying the goals of the level of a degree licenced by the scientific organ statutorily competent of the institution where one wants to be admitted.
- d) Holders of a school curriculum, scientific or professional, recognized as having capacity to the attainment of this cycle of studies, by the scientific organ statutorily competente of the institution where one wants to be admitted.
- e) Being a holder of the professional title of a Nurse.
- f) To the assignment of the title of specialist by the professional Order, in the terms of the article 12th da Portaria nº 268/2002, dated 13th of March, it's required at least two years of professional exercise as a nurse, to the date of the appliance to the degree.

The knowledge refered to in the lines b) and d) have only effect in the access of the cycle of studies to the masters degree and does not give the student equivalence to a licenced degree, or the recognition of that degree.
