Universidade de Évora

Open call rules

Applications for Admission: Mestrado em Engenharia Informática (E-Learning)
(Informatics Engineering (E-Learning))
Academic Year 2025/2026

1. The program is promoted by

Universidade de Évora - Escola de Ciências e Tecnologia

2. Course Committee

Teresa Cristina de Freitas Gonçalves (tcg@uevora.pt)
José Miguel Gomes Saias (jsaias@uevora.pt)
Vasco Fernando de Figueiredo Tavares Pedro (vp@uevora.pt)

3. Program description

This Master degree complements the knowledge obtained in a Bachelor in Informatics Engineering, offering advanced training in several areas, encouraging adaptation to new technologies, developing the ability to design innovative products using current techniques and encouraging the acquisition of skills such as critical sense, creativity and teamwork. Graduates have training that includes subjects in the following areas: Artificial Intelligence, Information Systems, Distributed Systems and Multimedia. The study plan includes an individual and mandatory Dissertation, which can be done as research or development work in an academic or business context, and where the content, techniques and skills of the program are applied, deepened and extended, with the objective to increase the preparation and training of students.

4. Career opportunities

Our graduates carry out professional roles in various areas, including artificial intelligence systems, consultancy and auditing, information systems and applications management and development, and research and development. They find placement in public services, software development companies, banks, insurance companies, auditors, telecommunications companies, among others.

5. Number of registration at DGES

R/A-Ef 1724/2011/AL02

6. Number of accreditation process by A3ES

ACEF/1819/0205952

7. Program Creation Norm

Diário da República nº 252 de 30 de dezembro, Aviso n.º 21073/2020

8. General conditions of access and admission

i **Legal conditions for access to the cycle of studies leading to the master degree**

Those who meet the following conditions may apply to the cycle of studies that leads to the master degree:

- Holders of the bachelor degree or legal equivalent;
- Holders of a foreign academic degree dully recognised as satisfying the objectives identical to the bachelor degree by the relevant scientific body of the higher education institution they wish to be admitted to;
- Holders of an academic, scientific or professional curriculum vitae that is recognized as attesting to the capacity to carry out this cycle of studies by the relevant scientific body of the higher education institution they wish to be admitted to.

ii **Conditions of access to the cycle of studies at the Universidade de Évora**

On the application date, the undergraduate students must satisfy conditions that guarantee the conclusion of their undergraduate degree until the 30th of October of the admission year. The admission and enrollment of these students is conditioned on the conclusion of the degree until this date, and the enrollment is canceled if the student does not complete the degree within that period

During the first application phase, students who have a maximum of 6 curricular units or 36 ECTS missing for conclusion of their degree can apply for the 2nd cycle; in the 2nd application phase students can apply if they have at most 3 curricular units missing and in the 3rd application phase if they have at most one curricular unit missing

The previous condition does not apply to students with a curriculum that reveals professional or scientific experience, which can be recognized by the competent scientific body, as attesting the students ability to carry out the masters degree/post-graduation, provided that the student required that recognition in the application process

iii **Specific admission conditions**

1st cycle in Informatics Engineering or equivalent

9. Selection Process

- Academic Qualifications: 50%

  - Area of qualifications: 50%
  - Average grade in the highest qualification: 50%

- Curriculum Analisys: 25%

  - Scientific and technical activities and publications: 40%
  - Professional Experience in the area of the program or related fields: 30%
  - Professional Training in the area of the program or related fields: 30%

- Interview: 25%
    - Availability: 30%
    - Motivation and commitment: 40%
    - Knowledge of English: 30%

10. Maximum number of admissions

- Maximum number of admissions for candidates with nationality of European Union countries: 11

- Maximum number of admissions for candidates without nationality of European Union countries: 7

Depending on the number of applications, there may be transfer of vacancies from the international students applications to the European Union students applications or vice-versa.

11. Minimum number of students

Minimum number of students: 8

12. Tuition fee

- Candidates with nationality of European Union countries: 1 050,00 €

- Candidates without nationality of European Union countries: 2 500,00 €
    - Annual Tuition fee for international students with merit scholarship: 1 050,00 €
    - Annual Tuition fee for international students with cooperation and development scholarship: 1 250,00 €

In the admission year, all students with international student status who have an undergraduate average of 15 or above (on a 0-20 scale) benefit from the international student merit scholarship tuition fee and all students from PALOP countries benefit from the tuition fee for international students with cooperation and development scholarship.

In the following years, to keep the merit or cooperation and development scholarship, the student has to meet the conditions stipulated in article 22 of the Academic Regulations of the University of Évora and the results are published until October 31 of each academic year, without the need to apply for the scholarship.

13. Organization / Duration

a. **Duration of the program:** 4 semesters

b. **Number of ECTS to obtain the degree:** 120

c. **Number of ECTS to obtain the master's course (conclusion of the curricular part):** 78

14. Language(s) of teaching

- English

- Portuguese

If admitted students do not speak Portuguese, the program is taught in English; otherwise classes are taught in Portuguese.

15. Learning Type

e-Learning

16. Schedule type

Mixed

17. Classes schedule (week days and schedule)

Asynchronous remote contact hours, with the possibility of some synchronous (remote) sessions.

18. Program starting date

September de 2025

March 14, 2025
The Rector

Hermínia Vasconcelos Vilar
