3. Program description

This course is the result of the evolution and consolidation of the area of research and educational administration that has been developed in the Department of Pedagogy and Education of the University of Evora since 1995. This is the fourth edition of this master's degree in São Tomé and Príncipe, contributing to postgraduate training, personal and professional training based on a repertoire of knowledge and technical skills, which aims to provide future teachers with reflective skills capable of leading the process of effective and progressive improvement of educational institutions. Also intend to enhance transformational leadership capabilities and the development of organizational cultures that can be a resource that can be used as a governance instrument. Also provides the position of school principal and the qualification for the consequent exercise of intermediate and top management positions in schools and other educational organizations: municipalities, state organizations, private institutions, non-governmental organizations, among others. It also offers the possibility of continuing research in the PhD in Educational Sciences at the university of Evora, based on its own highly qualified teaching staff. The Master's degree in Educational Sciences- Administration, Regulation and Educational Policies presents the most innovative work done at national and international level.

4. Career opportunities

Possibility of pursuing a higher technical career in the Ministry of Education and in local government administration, local development organizations and Ongo.

Diário da República n.º 74 de 14 de abril, Aviso n.º 7735/2022

8. General conditions of access and admission

i Legal conditions for access to the cycle of studies leading to the master degree

Those who meet the following conditions may apply to the cycle of studies that leads to the master degree:

- Holders of the bachelor degree or legal equivalent;
- Holders of a foreign academic degree dully recognised as satisfying the objectives identical to the bachelor degree by the relevant scientific body of the higher education institution they wish to be admitted to;
- Holders of an academic, scientific or professional curriculum vitae that is recognized as attesting to the capacity to carry out this cycle of studies by the relevant scientific body of the higher education institution they wish to be admitted to.

ii Conditions of access to the cycle of studies at the Universidade de Évora

On the application date, the undergraduate students must satisfy conditions that guarantee the conclusion of their undergraduate degree until the 30th of October of the admission year. The admission and enrollment of these students is conditioned on the conclusion of the degree until this date, and the enrollment is canceled if the student does not complete the degree within that period

During the first application phase, students who have a maximum of 6 curricular units or 36 ECTS missing for conclusion of their degree can apply for the 2nd cycle; in the 2nd application phase students can apply if they have at most 3 curricular units missing and in the 3rd application phase if they have at most one curricular unit missing

The previous condition does not apply to students with a curriculum that reveals professional or scientific experience, which can be recognized by the competent scientific body, as attesting the students ability to carry out the masters degree/post-graduation, provided that the student required that recognition in the application process

iii Specific admission conditions

Hold a Bachelor's degree in the field or related fields OR hold a Bachelor's degree with a Curriculum Vitae developed in the area."
