## Open call rules

Applications for Admission: Curso de formação em Novas Tecnologias no Tratamento de Feridas Complexas (New Technologies in the Treatment of Complex Wounds)  
Academic Year 2025/2026

### 1. The program is promoted by

Universidade de Évora - Escola Superior de Enfermagem S. João de Deus

### 2. Coordenador(a)

Isaura da Conceição Cascalho Serra (iserra@uevora.pt)

### 3. Program description

The main aim of this training course is to provide an up-to-date overview of progress in therapeutic options in the healing and treatment of complex wounds over the years, using innovative approaches. As well as including content such as skin function and anatomy, wounds and conventional treatment modalities for skin healing and regeneration, it will look at the various emerging and innovative strategies to promote wound healing such as photobiomodelling, cell therapy, extracellular matrix-based approaches, platelet-rich plasma-based approaches and cold plasma treatment therapy, discussing their benefits and barriers.

This course aims to contribute to the development of technical and scientific competences of health professionals (nurses and doctors) using experts in the field, who will bring innovative recommendations and therapeutic approaches to the treatment of difficult-to-heal wounds, using new technologies and based on the latest scientific evidence. The teaching methodology used in this course includes the use of advanced technological resources, namely digital environments and technological platforms applied to training and simulation.

### 4. Objectives

Objective:

- To update knowledge on emerging and innovative therapeutic options in the healing and treatment of complex wounds.

Competences:

- Reveals clinical reasoning skills for differential diagnosis and decision-making in the approach to the

person with complex wounds;

- Demonstrates skills in prevention, diagnostic judgement and treatment based on the latest scientific evidence;
- Demonstrates clinical skills based on the selection of innovative therapeutic options in the context of clinical case discussions.

## 5. General conditions of access and admission

### i General conditions

Be over 18 years old and resident permit. If you do not have Portuguese nationality, you must have a residence permit and tax payer number .

### ii Specific admission conditions

Nursing graduates and holders of a master's degree in medicine

### iii Required academic qualifications

Higher Education - Degree 1st Cycle (Bologna) or Equivalent

### iv Necessary documentation

- a) identification document;
- b) document(s) proving the qualifications required in the Announcement for access to the course;
- c) document proving the IBAN of the bank account held by the candidate, in which the name of the holder is mentioned;
- d) proof of residence permit, in the case of foreign students;
- e) document with tax identification number, in the case of foreign students;

## 6. Selection Process

Date of application submission.

## 7. Maximum number of admissions

- Maximum number of admissions: 50

## 8. Minimum number of students

Minimum number of students: 15

## 9. Tuition fee

- Tuition fee: 0,00 €

This course is covered by the PRR's Digital Plus Impulse. Students may be eligible for completion prize, in accordance with [Regulation](#), to be paid into a bank account held by the student.

## 10. ECTS

- Number of ECTS of the program: 1

## 11. Horas de Contacto

- Total de horas de contacto: 10

## 12. Learning Type

e-Learning

## 13. Schedule type

Mixed

## 14. Classes location

University of Évora

## 15. Classes schedule (week days and schedule)

31/03/2026 (21:00-22:00 synchronous online)  
01/04/2026 (17:30-21:00 synchronous online)  
03/04/2026 (17:30-21:00 synchronous online)

## 16. Program Dates

- Program Start Date: March 31, 2026
- Program End Date: April 7, 2026

## 17. Application Dates

- Applications Start Date: January 12, 2026
- Applications End Date: March 16, 2026
- Announcement of Results (until): March 23, 2026
- Enrollments Start Date: March 23, 2026
- Enrollments End Date: March 26, 2026

November 26, 2025

The Rector

Hermínia Vasconcelos Vilar
