### 3. Program description

The Master in Applied Economics and Management (MEGA), specializing in Natural Resources and Environment, is a 2nd cycle program accredited by A3ES, delivered by a specialized faculty with teaching experience in Africa, Europe, and Asia. MEGA is designed to ensure the real enhancement and development of skills in economics and management through the mastery and advanced application of tools that enable understanding of environmental management and resource sustainability, addressing the scale and dynamics of economies, markets, and organizations (large, medium, or micro-organizations), creating value, and developing a comprehensive vision of the global business world and an integrated and systematic view of the problems and challenges it faces.

### 4. Specialization areas

- Agribusiness (**not available**)
- Economics and Management for Business (**not available**)
- Natural Resources and Environment (**available**)

## 5. Career opportunities

This course offers specialized competences that foster professional openings in distinct areas of Economics and Management, applied to organizations in general and to Natural Resources and Environment valorization in particular. Moreover, it sustains an interdisciplinary and multidisciplinary perspective, as well as specialized consulting in the sustainability of these areas.

## 7. Number of accreditation process by A3ES

ACEF/1920/0309007

## 8. Program Creation Norm

Diário da República n.º 224 de 20 de novembro, Aviso n.º 22204/2023

## 9. General conditions of access and admission

### i Legal conditions for access to the cycle of studies leading to the master degree

Those who meet the following conditions may apply to the cycle of studies that leads to the master degree:

- Holders of the bachelor degree or legal equivalent;
- Holders of a foreign academic degree dully recognised as satisfying the objectives identical to the bachelor degree by the relevant scientific body of the higher education institution they wish to be admitted to;
- Holders of an academic, scientific or professional curriculum vitae that is recognized as attesting to the capacity to carry out this cycle of studies by the relevant scientific body of the higher education institution they wish to be admitted to.

### ii Conditions of access to the cycle of studies at the Universidade de Évora

On the application date, the undergraduate students must satisfy conditions that guarantee the conclusion of their undergraduate degree until the 30th of October of the admission year. The admission and enrollment of these students is conditioned on the conclusion of the degree until this date, and the enrollment is canceled if the student does not complete the degree within that period

During the first application phase, students who have a maximum of 6 curricular units or 36 ECTS missing for conclusion of their degree can apply for the 2nd cycle; in the 2nd application phase students can apply if they have at most 3 curricular units missing and in the 3rd application phase if they have at most one curricular unit missing

The previous condition does not apply to students with a curriculum that reveals professional or scientific experience, which can be recognized by the competent scientific body, as attesting the students ability to carry out the masters degree/post-graduation, provided that the student required that recognition in the application process

## 10. Selection Process

- Academic Qualifications: 60%
  - Average grade in the highest qualification: 100%
- Curriculum Analysis: 40%
  - Professional Experience in the area of the program or related fields: 50%
  - Professional Training in the area of the program or related fields: 50%

## 11. Maximum number of admissions

- Maximum number of admissions for candidates with nationality of European Union countries:
  - Natural Resources and Environment: 10
- Maximum number of admissions for candidates without nationality of European Union countries:
  - Natural Resources and Environment: 25

Depending on the number of applications, there may be transfer of vacancies from the international students applications to the European Union students applications or vice-versa.

## 12. Minimum number of students

Minimum number of students:

- Natural Resources and Environment: 15

## 13. Tuition fee

- Candidates with nationality of European Union countries: 1 050,00 €
- Candidates without nationality of European Union countries: 2 500,00 €
  - Annual Tuition fee for international students with merit scholarship: 1 050,00 €
  - Annual Tuition fee for international students with cooperation and development scholarship: 1 250,00 €

In the admission year, all students with international student status who have an undergraduate average of 15 or above (on a 0-20 scale) benefit from the international student merit scholarship tuition fee and all students from PALOP countries benefit from the tuition fee for international students with cooperation and development scholarship.

In the following years, to keep the merit or cooperation and development scholarship, the student has to meet the conditions stipulated in article 22 of the Academic Regulations of the University of Évora and the results are published until October 31 of each academic year, without the need to apply for the scholarship.
