Academic Year 2026/2027

1. The program is promoted by

Universidade de Évora - Escola de Ciências Sociais

2. Course Committee

Maria Fernanda de Olival (mfo@uevora.pt)
Paulo Jorge dos Mártires Batista (pjmb@uevora.pt)

3. Program description

The postgraduate programme in Information Science provides rigorous scientific and technical training in the information field, both for students already working in libraries, archives, and documentation services and for those seeking to enter the labour market in public administration, as well as in the business and non-profit sectors. The curriculum is structured to promote close integration between theoretical, methodological, and practical components, all of which are cross-cutting to information management. The course is delivered entirely online.

4. Career opportunities

Graduates of this programme in Information Science will be prepared to pursue professional roles such as archivist, librarian, senior specialist in documentation and information services, researcher, and senior professional within public administration and the private sector.

5. General conditions of access and admission

i Conditions for access to the post-graduate program

Those who meet the following conditions may apply to the post-graduate program:

- Holders of the bachelor degree or legal equivalent;

- Holders of a foreign academic degree fully recognised as satisfying the objectives identical to the bachelor degree by the relevant scientific body of the higher education institution they wish to be admitted to;
- Holders of an academic, scientific or professional curriculum vitae that is recognized as attesting to the capacity to carry out this cycle of studies by the relevant scientific body of the higher education institution they wish to be admitted to.

ii **Conditions of access to the post-graduate program at Universidade de Évora**

On the application date, the undergraduate students must satisfy conditions that guarantee the conclusion of their undergraduate degree until the 30th of October of the admission year. The admission and enrollment of these students is conditioned on the conclusion of the degree until this date, and the enrollment is canceled if the student does not complete the degree within that period

During the first application phase, students who have a maximum of 6 curricular units or 36 ECTS missing for conclusion of their degree can apply for the 2nd cycle; in the 2nd application phase students can apply if they have at most 3 curricular units missing and in the 3rd application phase if they have at most one curricular unit missing

The previous condition does not apply to students with a curriculum that reveals professional or scientific experience, which can be recognized by the competent scientific body, as attesting the students ability to carry out the masters degree/post-graduation, provided that the student required that recognition in the application process

iii **Specific admission conditions**

- A bachelor's degree, or an equivalent qualification, in any field of knowledge.
- Curriculum vitae (CV): detailing the applicant's academic, scientific, and/or professional background relevant to the postgraduate programme in Information Science.
